Consortium of eleven of state’s community and technical colleges.

Funded by the US Department of Labor.

Project designed to strengthen aerospace industry, by providing aviation-related skills to Washington’s workforce and businesses.

By Fall of 2014, AirWA campuses will train more than 2,600 workers in:

- Aircraft Assembly
- Composites
- Airframe & Powerplant Maintenance
- Advanced Manufacturing
- Electronics/Avionics

(Pre-employment Skills)
